DEDICATION

This page sponsored by
J. L. WANNEMACHER

As a means of thanking Mr. Ohlin Hablitzel for his years of hard work and unselfish devotion we wish to dedicate the "Ho-Jack" of 1952 to him.

A child is a bank where you may deposit your most precious treasures--the hard-won wisdom, the dreams for a better world. A child can guard and protect these, and perhaps invest them wisely and win a profit--a larger one than you have ever dreamed of.

ADMINISTRATION

R. G. BRAND
County Superintendent

Mr. R. G. Brand, our county superintendent, is always welcome at Hoaglin-Jackson. His visits inspire us to do better work due to his sympathetic understanding of the problems of young people and teachers alike.

He is ever striving to make our school system better by providing us with better learning tools in every field and enlarging the subject fields for better selection.

The Hoaglin-Jackson Annual Staff salutes the man, the educator, and the friend.

R. G. HADLEY
Superintendent

America's elementary and secondary schools are essential agencies for building and maintaining the strength of the nation. What our nation's youth become and what they do will determine the fate of the United States.

The Bulldogs although lacking experience and height came through the season as Co-Runner-Up of the League which was a record beyond expectation. The team was built around the returning regular, Dana Miller.

The leading foul shooter was Gary Adams with a 70% average and the team average was 56%. Although scoring honors are not emphasized it is interesting to know that Harold Keith was high with 210 points with Dana Miller, the captain, following with 206 points. The team averaged 48 points per game while their opponents averaged 44 points per game.

The team will lose two members this year--Dana and Genaro. Genaro although being handicapped by lack of height will be remembered by his teammates for his desire to play and sticking with the team regardless of whether he got to play or not and helping them spiritually from the bench. Dana, the captain and play-maker, has played four years of varsity ball. He carried a very heavy load this year in team play offensively and defensively. In ending his career at Hoaglin-Jackson, Dana was presented the Sportsmanship trophy for not only being an outstanding athlete but also for his mental attitude, character and scholastic record. To these boys we say--best of luck.

Twelve juniors and seniors are enrolled in the chemistry class this year.

Monday, Wednesday, and Friday are devoted to class discussion. Two periods are devoted to laboratory procedure on Tuesday and Thursday.

The school has met all state requirements by securing laboratory equipment, supplies and charts. A new electrolysis apparatus and low voltage rectifier were also purchased.

Chemistry deals with the composition of matter and the changes which it may undergo. As students we are interested in chemistry as related to industry and everyday life.

Adam, J. Prichard, C. Rayle. FOURTH ROW: B. Mosier, L. Mosier, S. Adams, N. Adams, J. Dunlap, Mr. Hadley.

The Hoaglin Jackson band, composed of forty members is the pride and joy of the school and community, especially when the band steps out on the floor at the basketball games to present the band show. Some of the outstanding shows were, "In the Shade of the Old Apple Tree", "I'm Forever Blowing Bubbles", and many others.

The band participated in the street festival at Van Wert in the fall and also entered the Van Wert community band festival each year. The festival will be held at Willshire this year.

There are many new beginners that will make the band next year. Those graduating will be Betty Brotherwood, Lois Evans, Carol Snyder, and Wilva Stukey.

The increasing interest to the public has become larger each year, just as it has with the students of this school.

OUR CAFETERIA

LEFT TO RIGHT: C. Poling, D. Baker, C. Sanderson, J. Davis, J. Swartz, J. Foster, Alta Adams, Delta Dunlap, Muriel Stuckey.

Our cafeteria is probably one of the most popular rooms in our school. It will only seat about eighty students at one time, however, there are approximately 40,500 meals served a year.

We use about seven cases of milk a day, which is about 210 bottles daily, consisting of chocolate and white. We get fruit, cheese, fresh apples, honey, canned vegetables, also, dried eggs and milk from the government. Apple sauce and tomato juice are canned in the cannery here at school to be used in the cafeteria.

As equipment for our kitchen, we have two bottled gas stoves, plus, two electric stoves, two refrigerators; a washing machine, and other essential things needed in a kitchen. As new equipment for our kitchen, we have a popcooler for our milk; new kettles, new plastic tumblers and bowls. The kitchen and dining room were also redecorated.

An average of about six girls from the Jr. Hi grades help daily.

There are three cooks at all times. Their names are: Mrs. Delta Dunlap, who is head cook, and Mrs. Alta Adams and Mrs. Muriel Studkey, who are assistant cooks. These cooks have families at home, but they devote their time to the school to give the students and the faculty a nourishing hot meal daily.

OUR LIBRARY

LEFT TO RIGHT: Miss Crawford, N. Burton, J. Shenk, W. Stukey, M. Plumb, R. Evans, C. Marez, D. Robey, C. Snyder.

Books are like people. They are our friends some are our very best friends. Books are records of what people think, do, see, and experience. Books are records of what happens throughout the world, and what is being thought by other human beings. Books bring us experiences that we cannot have ourselves.

While more than a hundred thousand books are published yearly, most libraries can buy but a few each year; therefore, their books must be selected carefully. Hoaglin-Jackson is no exception. Thus, nearly a hundred new books have been selected. Included are biographies, the ever-popular dog and horse stories, adventure and sports stories, stories of interest to girls and teen-agers, and a new reference volume--"Twentieth Century Authors."

Books can, and do enrich living. There is no one book which every one should read, for greatness is not in the books themselves, but greatness emerges only when the right book meets the reader.

SENIOR PLAY

Dress Rehearsal

Bashful Bertie

Oh-la-la!

On the eve of November 16, 1951, the Senior Class presented their play entitled "Bashful Bertie."

Here is a brief summary of the play: Bertie Barrett doesn't dislike girls, it's just that he becomes tongue-tied in their presence and just the thought of proposing to a girl makes his teeth chatter with fear and causes him to turn blue all over! Through no fault of his own, but because of his friendship for Steve Darnell, Bertie is placed in a position where he has to pretend to be engaged to a girl (any girl will do) or else he'll have to suffer dire consequences. Egged on by Steve, Bertie manages to blurt out a half-hearted proposal to pretty Pamela Petley but she won't give him a definite answer. Spurred on by the necessity of his position, Bertie finally proposed to three girls in a row and finds that proposing isn't nearly the chore he thought it was, especially when it isn't the real thing. When the three girls get together and compare notes, they descend on Bertie in masse and demand an explanation. "I wasn't really proposing to you girls," Bertie exclaims. "I was just practicing!" From this point on bashful Bertie is sitting on edge. Not until the very final curtain does Bertie cover himself with glory by trapping Lefty Frank, a desperate gangster, and at the same time he wins the hand of "the one and only girl." Throughout the play the laughs pile up until they reach the proportions of a landslide, and the fun is of that rich, clean kind that everybody reacts to with great glee.
